

TC008: No-Overexplaining Discipline

Combined TC001-grade field card

- 1

Minimum move
Make the point once, give one reason, then pause.
- 2

Core formula
Formula: Point -> one reason -> optional example -> pause or check
- 3

Why it works
Makes you sound clearer, calmer and more confident.
- 4

How to do it
Lead with the point: State the actual answer, recommendation or boundary first. Do not warm up with a long preamble.
- 5

Calibrate
Signs it is working
- 6

Recover / neighbour
“I’m overexplaining. Short version: X.” Use neighbouring techniques to select the right conversational job, not to stack techniques.
