

# TC025 / Rank 32 - Exact Word Pickup

TwoCard\_Combined

- Reuse a meaningful word or phrase exactly as the other person said it to show precise listening.
- Exact phrase -> small comment -> natural follow-up
- "Weird how?"
- The technique fails when you repeat words mechanically, quote them with the wrong tone, or make the person feel analysed instead of understood.
- Use their words as handles, not hooks. A handle helps them open the door; a hook makes them feel caught.
