TC080 / Top500 rank 80 / NURSE

Name emotion. Understand. Respect. Support. Explore.

Front: choose the smallest NURSE move that fits the emotional cue.

N Naming	This sounds frustrating.
U Understanding	I can see why this matters.
R Respecting	You have tried to handle this carefully.
S Supporting	I can help with the next step.
E Exploring	What part matters most now?

Back: calibrate, recover and chain.

Continue	They say more, soften or clarify.
Adjust	They correct the label or look managed.
Recover	Name the miss and invite better wording.
Chain	Move to summary, ask-tell-ask, clean request or boundary.

Field line: "It sounds really frustrating. Tell me what part matters most right now."

Safety: empathy must preserve autonomy and dignity.
