

Turn-toward bids

Small bids are trust deposits waiting for a response.

Core move

Notice a small reach for contact.
Name or join it in one sentence.
Add one clean follow-through.
Calibrate: extend, park, or repair.

Minimum viable move

"I saw that - tell me the important part."
"I want to hear this properly. Can we come back at 3?"

Bid types

Attention, win, concern, humour, help, reassurance, presence, shared focus.

Decision rule

If it is safe and appropriate, turn toward.
If timing is bad, acknowledge and schedule.
If it is boundary-violating, set a respectful limit.

Avoid

Ignoring, interrogating, solving too fast, fake warmth, or forced intimacy.
