

Strategic Silence

Full standalone TC001-grade rebuild - v24

Core move Use a deliberate pause after a meaningful statement so the other person has room to think, feel, or continue.
Minimum viable move Pause for two beats after they say something meaningful.
Formula Important point -> stop talking -> hold the pause -> let them choose the next move.
Main risk Using silence as pressure, punishment, superiority, or a way to make the other person fill discomfort.
Neighbours TC031 Slow Down Under Pressure; TC035 Strategic Pause; TC033 Minimal Encouragers; TC004 Reflective Listening
Field tip Keep it natural. The technique should make the other person more comfortable, not make you sound trained.
