

Perception

A message is hostile, inaccurate, baiting, sprawling, or likely to be forwarded. You feel pulled to defend your motives.

Move

Answer only the practical issue. Remove counterattack, history, motive defence, sarcasm, and point-by-point rebuttal.

Phrase

Civil opener + relevant fact + clear next step or limit. Example: Thanks for the update. The report is in the shared folder. I will keep changes in the document thread.

Calibration

Short. Factual. Civil. Closed. If it sounds like a prosecutor, a disappointed parent, or a stone wall, revise.
