

Low-pressure invitation

Open the door; do not stand in the doorway.

Core move

- Offer a clear, warm, optional invitation with an easy exit ramp.
- Then let the answer be enough.

Formula

- Context + optional invitation + easy exit + warm acceptance.
- Minimum: "You are welcome if you want - no problem if not."

Calibration

- Continue when choice looks relaxed.
- Adjust when they over-justify.
- Stop when they decline.

Field tip

- Open the door; do not stand in the doorway.
- A no should not cost warmth, status, or future access.
