

Core move

**Hear the value underneath the content. Name it lightly.
Leave room for correction.**

Perception

notice repeated energy

Move

choose one value word

Phrase

make it tentative

Calibration

watch the signal

Recovery

release if it misses

Chain

combine lightly

Pocket line

**It sounds like [value] was the piece that mattered there -
tell me if that is off.**

Stop rule: if the person corrects, tightens or goes flat, use their wording or release the move.
