

Humblebrag avoidance

TC099 / Top500 rank 99 / Anti-pattern correction

Core move

- **Catch the cover**
Complaint, fake modesty, embarrassment, or burden language around a win.
- **State the win**
Name what happened directly and proportionately.
- **Add one meaning line**
Use one honest feeling or reason it matters. Then stop.

Poor -> better

- **Do not say**
Ugh, now everyone keeps congratulating me.
- **Say instead**
I got promoted. I am pleased and still adjusting to the attention.
- **Recovery**
That came out like a humblebrag. Cleaner version: I am happy about it.
